

Nemo's Tree™

One-Time Gift

Fill in the fields, save the file and email it to nemostreedaf@gmail.com. No PDF? Email the same details in a regular message.

Fill in only the sections you are using. A gift can go to one option or be split across several, and the Total is everything added together, the amount you send. A gift to a charity goes to the charity in full, and a Trunk amount is always separate from it.

Public details appear in the Donation Log once a gift is made.
Private details are used only to run Nemo's Tree and never appear on the website.
